Subject: Jail Eval team

Jail Evaluation Team

14/ Rob Sarro explained that usually three people review an RFP and evaluate the bid responses. He would recommend that for review of the RFPs for the Jail Planner and Jail Architect, four people need to be involved: 1) representative of the Sheriff's Department 2) representative of the Courts 3) representative of the County and 4) representative of Facilities Management. He suggested that with a background in building and construction, Commissioner VanEck should be appointed to represent the County.

Moved by Commissioner Burns, seconded by Commissioner Kapenga to approve the appointment of the Jail evaluation team as recommended by the Administrator. Motion carried by roll call vote: Yeas – 7 votes. Nays – 4 votes. Absent – 0 votes.
