

## **Sheriff's Department SPOTLIGHT**

**January 2008**

### **Mobile Computer Terminals (MCTs)**

This month's SPOTLIGHT is on Mobile Computer Terminals (MCTs). Patrol cars throughout Allegan County are currently undergoing installation of mobile computer terminals, which are replacing outdated in-car data terminals that had been in place for approximately 10 years.

The new computer terminals will allow officers to access criminal histories, driving records, vehicle information, warrant information, as well as missing persons.
